

## RE-ROOFING

After speaking to a few contractors, I met the Moran Roofing team. I selected them for my re-roofing project as they had excellent reviews online and through Checkatrade.

The project entailed re-roofing, new batten carpentry, new guttering and soffits.

We were delighted with the quoting process and the price of the quote. Emails always received a swift reply and the project ran very quickly. The whole team were friendly. The daily updates kept us informed.

I would highly recommend Moran Roofing as they are highly trustworthy. We also have peace of mind due to their insurance policies and roofing works guarantee.
